They all died unnaturally.

But even though they showed no external wounds, the victims had contracted and lost about 10% of their blood.

It's obvious

have reported
capturing any
video or info.

Neither
street cameras
nor institutions

Takuya-kun, do
you think this
crime was done
by a magician?

**The police have
checked the
streets of Tokyo for weeks
in the middle of the city
and still got away
with it unnoticed.**

Even
a mental
reference
could work...

I really
haven't given
this much
thought yet.

Look,
you're quite
tall today.

Oh...
Pah.

The
magician
didn't
leave
any
evidence
of
any
kind
of
crime
at
all.

I ended up
staying up
late because
of some
last minute
business...

What
are you
talking
about?

Morn-
ing.

The victims even included those who merely had a disposition for magic.

This was not reported. All victims that our House had a cooperative relationship with were magicians.

That's all I know.

How anyone related to the "Sage" has been harmed?

Half correct.

In other words,

Jumong-kun,

I'm a bit scared...

Agony

the criminal is only targeting magicians.

Our house and the Yotsuba have been in a Cold War since the month before last.

But since the situation is like this, we should certainly be cooperating with the Yotsuba.

Head of the Saegusa

Saegusa Kouichi

That cursed raccoon father of mine did something unnecessary again.

That man seems to have secretly banged into the National Defence Force's intelligence bureau section, which is under the patronage of the Yotsuba.

The fact he was skulking about was discovered.

That would be your misunderstanding.

There are times in your company when I feel like I'm not treated as a man.

Oh my, sorry.

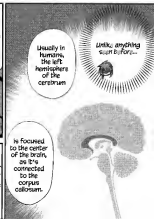

So even Saegusa used that kind of speech.

*If it's like
that, why did
it show up in
Lt. Fomalhaut's
brain?*

*Another
incompatible
one?*

You have
ten seconds
to comply.

We've been
given the
order to
kill you
on sight.

Though, if
you offer us
information
on the other
deviants, your
punishment will
be lessened.

That.

That means
you must be
Hunter R, no?

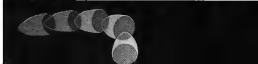

You're "Standard
Hunter" Hunter
Q, if I recall
correctly.

However...

I see, you
think you have
the up on
me because of
Cost Jamming.

Vector
Alteration?

IF IT'S
this

I'M STILL
DOING THE

TO FIND MORE
PEOPLE, LEAVE
ME ALONE!

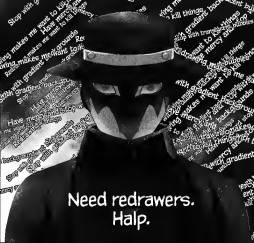

Hey boss, why are
we taking so long
to post stuff?

...giving me an aneurysm, and help out.

Just get on we can do more-
